

# eddington at sundy

from einstein and eddington to ligo: 100 years  
of gravitational light deflection

**May 26th to May 30th, 2019**

Bom Bom Resort

Principe Island

1°41'48.5"N 7°24'08.6"E

## Speakers

Alessandra Buonanno (Max Planck Institute for Gravitational Physics Potsdam)

Ana Mourão (University of Lisbon)

Bob Wald (University of Chicago)

Carlos Herdeiro (University of Lisbon and University of Aveiro)

Cliff Will (University of Florida and Institute of Astrophysics of Paris)

Frank Eisenhauer (Max Planck Institut, Garching)

Ilídio Lopes (University of Lisbon)

Ismael Tereno (University of Lisbon)

João Costa (Universitary Institute of Lisbon and University of Lisbon)

John Barrow (University of Cambridge)

Jonathan Gair (University of Edinburgh)

José Sande Lemos (University of Lisbon)

Pedro Ferreira (University of Oxford)

Thomas Sotiriou (University of Nottingham)

Ulrich Sperhake (University of Cambridge)

Vítor Cardoso (University of Lisbon)

## Scientific Organizing Committee

José Sande Lemos

Vítor Cardoso

Carlos Herdeiro

## Organization

CENTRA - Center for Astrophysics and Gravitation

IST - Instituto Superior Técnico, Lisbon
